Dundalk Leisurecraft Echoe Gazebo Assembly Instructions

13. Lay out roof panels. (Top side down)

14. Secure beams to bottom of each roof panel exactly like in picture.

15. The beam will sit on an angle which should leave a gap underneath like in picture. Be sure to secure provided screws closer to where beam and roof panel meet.

Repeat Process for all roof panels.

16. Take 2 roof panels at a time and line them up as shown. Make sure the numbers match where the roof panels connect.

17. Secure 2 roof panels together using the supplied bolts, washers and nuts.

Repeat for all roof panels.

Do not tighten bolts at this time, this will be required in a future step.

Dundalk Leisurecraft Echoe Gazebo

Assembly Instructions

18. Place each section atop the corners of the gazebo.
(If panels are placed correctly, all numbers should line up with each other.)

19. With bolts and nuts provided, secure roof panels together through pre drilled holes.
Again do not tighten bolts at this time.

20. Carefully slide dome into hole from top of roof.

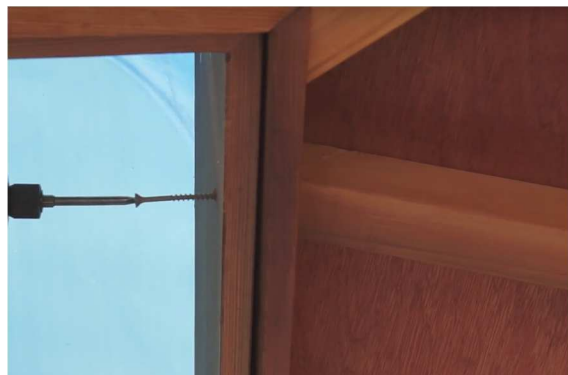

21. Once dome is in properly, it is time to go back and tighten all bolts.
Be sure to tighten them but not overdo it.

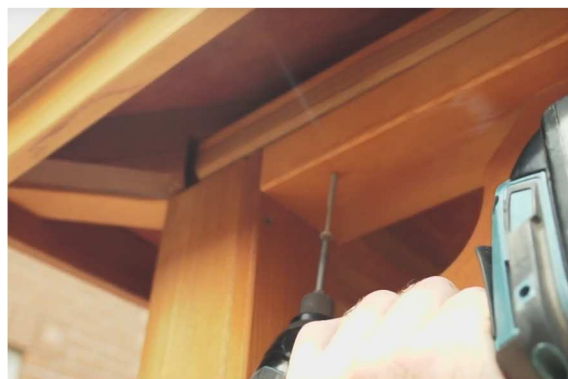

Dundalk Leisurecraft Echoe Gazebo Assembly Instructions

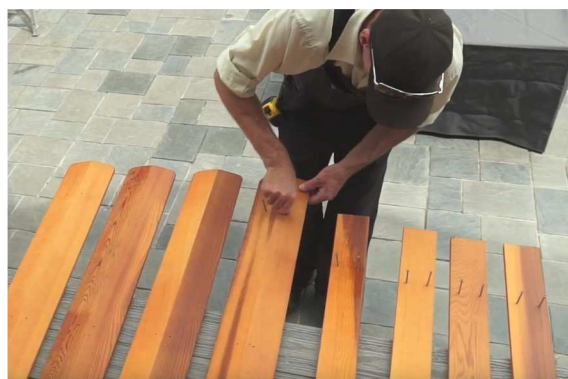

22. Keeping provided screws in line with joists of roof panel, secure dome to the roof panels.

23. Secure top railings and walls to roof panels.
Be sure to line up the screws so they are fastening through to the roof joists.
There should be 7 screws on each side.

24. Pre place screws using the holes provided in the ridge cap and trim pieces for easier installation.

25. Place ridge caps on corners of gazebo and secure with screws.
Place the roof trim in the middle of each side and secure with screws.
